WHO ARE WE?

In February 2025, the Pelletier family will start their journey around the world for 4 months, starting and ending in Montreal, Canada. Chantal and Marc-André, both music teacher's with a master's degree in school administration, will be doing "WORLD SCHOOLING" in order to "SEE EDUCATION DIFFERENTLY" alongside their daughters, Catherine (12 y.o.) and Aria (10 y.o.).

THE VISION OF TWO DEDICATED TEACHERS

An engaged student is:

- at the core of his learning
- conscious of his environment
- exploring actively
- making mistakes and finding solutions

The teacher's role is:

- Supplying time and resources.
- guiding reflexions
- encouraging curiosity
- **STAYING SIMPLE!**

OUR OBJECTIVE

To offer Brilliant Labs **STEAM** workshops in various schools across the globe. We want to share our passion for education with different teachers and students. Simultaneously, we seek to experience authentic moments as a family, explore different educational environments, and immerse ourselves in different cultures. We believe that these interactions will create unique experiences for our family, enhancing the authenticity of our travels around the world.
